

[Listing of ROM Sires and Dams](#)

The Register of Merit Book recognizes dogs that have had a significant impact on Bouviers in the U.S. The program has titled offspring contributing points to their sire & dam, with the lifetime totals being calculated. It contains information compiled on most qualifying dogs: picture, pedigree, breeder, owner, date of birth, color, titled progeny, pictures of progeny, titles earned, health clearances, and a write up about each dog.

The up-do-date ROM book through 2011 includes 750 color pages with photos and information that records the influential sires and dams in the breed. A must-have resource for breeders and owners alike. It's a wealth of information for all Fanciers. For information on how you can purchase your copy see below.

A limited number of Hard Copy Books are available.

CD includes two formats - PDF and Flash files.

To order contact Nancy Eilks (see contact info below) or through our [PayPal page](#) (prices include shipping and PayPal fees).

Checks made payable to the ABdFC
