

Versatile Bouvier Program

Last Updated Saturday, 17 February 2018 00:19

In the past few years, the AKC and other national organizations have introduced numerous new performance opportunities for dogs to try for new titles and awards. The Versatility Committee wants to recognize Bouviers who have participated in all of these new and fun categories of Performance. This final version includes many of these new titles. Our Committee is committed to updating our program in the future as Bouviers continue to show just how versatile our breed really is.

Thank you for inquiring about the Versatile Bouvier Program. If you need help determining whether your Bouvier is qualified for any title level, please contact the committee chair below.
