PERFORMANCE TOP TWENTY

(Updated 2-12-19)

As stated in our breed standard, Bouviers possess all the qualities that have proven them to be formidable performance dogs. Their characteristics of strength, vigor, agility and keen intelligence have made them well suited to both traditional and non traditional performance sports. One way to recognize those dogs that have excelled in the use of these traits is the Performance Top Twenty recognition event.

A Performance Top Twenty recognition event will be held at the National Specialty. This event will recognize the extraordinary dogs competing in performance sports during the competition year. Some of the benefits to this program are:

1. An opportunity to showcase the top performance dogs at the national level.
2. Encourage increased participation in performance sports.
3. Give the membership an opportunity to become more familiar with the top performance dogs in the different sports.

Program Outline

The Performance Top Twenty recognition event will be held annually at the National Specialty before the Top Twenty conformation competition, on the same evening. Each of the 20 qualifying dog would be introduced to the audience and their accomplishments of that competition year would be announced. Also a special separate recognition of any performance/companion sport champion (Obedience (OTCH and POC), Rally (RACH), Agility (AGCH, MACH and PACH), Herding, Tracking and Carting (CHDD), Schutzhund 3/IPO 3, IPO FH, VCD4, VCCH, SWD (Scent Work Detective), Elite CH, Obedience Grand Master (OGM)) title holders of that year would be included in the Performance Top Twenty event under the category of Performance Elite. Performance/companion sport champions will be included from the North American Barn Hunt Association (RATCh/RATChX) and winners of any AKC Performance/Companion Dog National Championship Competition (i.e. Obedience, Agility, Rally - NOC, NAC, PNAC, RNC titleholders, etc.). This does not include ABdFC Champions from the Versatility program. Performance Elite from the North American Barn Hunt Association (RATCh/RATChX) and AKC national competition champions will be responsible for providing official documentation of the title and notifying the Performance Committee Chair and Top Twenty Committee of their accomplishment prior to set deadlines. **The Performance Top Twenty event will not replace any other performance dog recognition previously/normally held during the Top Twenty evening, such as the recognition of the #1 performance dog in each sport, etc.**

Participants/Honorees

The names of the Performance Top Twenty plus any performance/companion sport champions (Obedience (OTCH and POC), Rally (RACH), Agility (AGCH, MACH and PACH), Herding, Tracking and Carting), SchH/IPO3, IPO FH, VCD4, SWD (Scent Work Detective), Elite CH and Obedience Grand Master (OGM)) title holders would be listed in the Top Twenty program. The dog would be entitled to a 2 page ad, with photo, in the Top Twenty program. Entries for the Performance Top 20 shall be charged the same entry fee as Conformation Top 20 entries and shall receive the same rosette (different color) and a catalog.

Tabulations

The Performance Committee chair and the Statistician, or their designee(s), will be responsible for determining/calculating eligibility, tallying points, etc. The Performance Committee chair and the Statistician, or their designee(s), will work with the conformation Top Twenty committee to ensure all required information is exchanged related to participants/honorees. All Top Twenty activities (performance and conformation) shall be handled by the Top Twenty Committee in order to have one coordinated event.

ELGIBILITY AND POINT CALCULATIONS

Performance Top Twenty eligibility will be determined by using a point scale related to titles and outstanding accomplishments earned during the competition year. Major updates to the guideline/point scale will normally be submitted to the Board in February of each year. The updates become effective for the current competition year. This is done to ensure exhibitors benefit from any new titles accepted by AKC. Also to ensure necessary corrections can be made to the guidelines so that the system can be as fair and accurate system as possible. Updates may be made at other times if necessary.

1. To be eligible for the Performance Top Twenty, a dog must have earned at least a Level 1AKC title, SCHH/IPO, Scent Work, Herding or Carting title, during the competition year. Eligibility Titles are earned from the sports of Obedience, Agility, Herding, Tracking, Carting, Scent Work, SCHH/IPO or Rally. The competition year will be May 1 thru April 30th. (See chart below).

2. The highest AKC Level title earned will determine the amount of points the competitor will start with. This will be listed as the exhibitor's Eligibility Title. Points can be obtained for additional titles earned from the Additional Title Point Scale. Bonus points may be earned for nontraditional sports/duties and individual honors. The 20 dogs with the highest total number of points will comprise the Performance Top Twenty for the year.

Special recognition will be given to any dog earning a performance championship (obedience, rally, agility, herding, carting and tracking), Schutzhund 3/IPO 3, IPO FH, VCD4, VCCH, Obedience Grand Master title, Elite CH and SWD (Scent Work Detective). These dogs will not be required to compete for placement on the Performance Top Twenty list. These dogs will be placed under the special recognition category of Performance Elite.

Performance/companion sport champions will be included from the North American Barn Hunt Association (RATCh/RATChX) and winners of any AKC Performance/Companion Dog National Championship Competition (i.e. Obedience, Agility, Rally - NOC, NAC, PNAC, RNC titleholders, etc.). Performance Elite from Barn Hunt and AKC national competition champions will be responsible for providing official documentation of the title/honor and for notifying the Performance Committee Chair and Top Twenty Committee of their accomplishment prior to set deadlines.

- **NOTE:** Only the highest title earned in each sport, during the competition year, will be counted toward the point total (Example – if the Eligibility Title is in obedience and you earned a CD and CDX in the same year, you can not add bonus points for the CD. The CDX would make the exhibitor eligible for the Top Twenty and would receive 15 points).
- **NOTE:** If an exhibitor has earned multiple titles at the same level and from different sports, the Eligibility Title will be determined by choosing one title as the Eligibility Title and the others will be treated as Additional Titles (Example: If an exhibitor earned an HSM, OA and PCDX, the points earned would be – PCDX – 12 pts., HSM – 5 pts., OA – 5 pts.,).

- **NOTE: Titles with Multiples.** Only Master level Bronze, Silver, Gold and Century Agility titles will earn additional points beyond the original amount of points earned for a single title of its kind. This situation pertains to standard, jumpers and fast. These dogs will earn 2 additional points per milestone (Example – MJB(P) earns 22 points and a MJS(P) earns 24 points, etc.). Master level Preferred agility titles will earn no additional points beyond the amount for a single form of any title earned outside of the Bronze, Silver, Gold and Century titles (Example - MXP 3 will earn 20 points).

Multiples for T2B (regular or preferred) will earn 2 additional points for each multiple (Example – T2B2 will earn 17 points, etc.)

Multiples for Obedience titles (PUDX, UDX and OM) will earn 2 additional points for each multiple (Example - UDX2 will earn 32 points; a UDX3 will earn 34 points, etc.)

Multiples for RAE, RM and titles will earn 1 additional point for each multiple (Example - RAE2 will earn 8 points; a RAE3 will earn 9 points, etc.).

- **NOTE:** In the sport of **Agility**, only 1 of the 5 forms of the sport can be counted in the point total (Standard, Jumpers, T2B, Premier and Fast).
- **NOTE: Agility regular and preferred titles:** A regular and a preferred title, at the same level and in the same form of the sport, both cannot be counted in the point total (Example – OA and OAP. Only points for one title can be counted).
- **NOTE:** Eligibility Titles in **Carting** are those titles as listed in the ABdFC Carting Test Regulations and those carting titles earned through other breed carting tests. Exhibitor must submit verification of these titles.
- **NOTE:** In the sport of **Carting**, only 1 carting title can be counted in point calculations, if more than one title is earned at the same level (Example - If an exhibitor earns an NDD and NBDD only one title can be counted in point calculations).
- **NOTE:** In the sport of **Carting**, any other organization, outside of ABdFC, offering a carting title above the requirements of a MDDX, would receive an additional 2 points to the amount of points that a MDDX would receive - 17 points.
- **NOTE: Eligibility Titles in herding earned through other breed venues (ASCA, AHBA, etc.):** Exhibitor must submit verification of these titles.
- **NOTE: Herding multiple stock titles:** Only points for one title will be counted if titles are earned at the same level, but on different types of stock (Example – If an HSd and HSc are earned; only 5 points will be awarded.)
- **NOTE: Eligibility Titles in Scent Work earned through other breed venues:** Exhibitor must submit verification of these titles.
- **NOTE: Schutzhund/IPO titles:** Verification of the Schutzhund/IPO titles must be submitted by the exhibitor.

- **NOTE: Titles – All Sports:** Games titles in a sport will not be counted in point totals.

3. Bonus points may be earned for nontraditional sports/duties, lower level AKC titles and individual honors. Individual honors are defined as High in Trial, Preferred High in Trial, High Combined, Preferred High Combined, Reserve High in Trial, current ABdFC Multi-Level Performance Award winner and current ABdFC Reserve Multi-Level Performance Award winner. Multiple individual honors will earn multiple bonus points (Example – If 2 All – Breed High In Trial honors are earned, then the exhibitor would earn 6 points instead of 3).
